

FALL 2021

FALL NEWS

Did You Know?

Farm & Orchard™ shelf-stable 100% juice offers great tasting options to add vegetables to your menu. Try our **Paradise Punch** or **Mango Splash** 100% Vegetable & Fruit juice blends or **Sun Splash** 100% "red/orange" vegetable juice!

FNS Issues Waivers to Address Meal Service During School Closures and Supply Chain Issues

On September 22, the USDA Food and Nutrition Service (FNS) published a new set of child nutrition program waivers for the 2021-22 school year. These nationwide waivers apply to SFSP sponsors and are designed to maintain children's access to nutritious meals during unanticipated school closures and to support schools facing supply chain challenges. FUN FACT: Sweet Potatoes are a member of the morning glory family. Low in calories and high in Vitamin A & C, manganese, and B6, sweet potatoes are the #1 most nutritious vegetable and a great source of nutrients and beta carotene.

Try our 100% Vegetable and 100% Vegetable & Fruit Juice products. Sweet Potato is the first ingredient!

DRINKING WATER SAFETY

With extended closures or reduced operations, many schools may have stagnant or standing water in their plumbing and water systems, which may become unsafe to drink for returning students.

Partner with your maintenance staff to ensure the water systems are inspected and flushed regularly. And all equipment, water fountains, sinks and ice machines should also be flushed.

Always have an emergency supply of clean drinking water on hand to assure your students have ample supply. One great option is our **Sun2O 4 oz. purified Drinking Water. Product Code #093000**

BROKER UPDATE
